

## Environmental Policy

PPCP Limited are multi-disciplinary consulting engineers. We collaborate across disciplines to provide clients with our unique range of integrated engineering services and a full-service design solution.

Patrick Parsons appreciates that its activities and services impact the environment and are committed to protecting the environment, and the continual improvement of our environmental performance. We aim to achieve this by setting environmental objectives and targets and operate an Environmental Management System that has gained IS EN ISO 14001:2015 Certification and have made the following commitments:

- **Assessing our activities and operations to identify the significant aspects that have potential to impact on the environment**
- **Controlling all significant environmental aspects**
- **Commitment to complying with relevant environmental legislation and regulations and to other requirements to which the organisation subscribes**
- **Continual improvement of environmental performance by building environmental considerations into the decision-making process and methods of operation, to minimise environmental impact and prevent pollution.**
- **Setting and publishing clear environmental objectives and targets and to monitor environmental performance results to ensure that targets are met**
- **Ensuring that all of our operations and activities are covered by this policy and that the policy is implemented maintained and communicated to all employees**
- **Commitment to the principals of ISO 14001:2015 and continual improvement of the Environmental Management System.**

This document is communicated to all staff and relevant parties and is made available to the public via the company website.

It shall be the responsibility of all staff at Patrick Parsons to ensure the conduct of business practices in line with this policy.

**Neil Hobbs**
